## <section-header>Generating a field guide for selected species

**ALA Teacher Guide 9** 

To generate a field guide of local species, you will first need to search for species in your location. For this, see Teacher Guide 1— Finding the species recorded in your area.

It is likely that there are a large number of species at the location. From the list on the left, choose the group that you would like to see in the field guide.

## ALA Teacher Guide: Generating a field guide

A Field Guide will be generated. It has the name of the species, a picture and the occurrence records map.

If your selected group is large, you can filter the species in your list by going to the "View selected records"

There are a number of filters you can use. Look at the list under "Narrow your results"

Occurrence records	Qu	ck search
O. Costomise fillers +	38,770 results for [ell records] - within 1.6 km of point(35.270243,148.11041) Selected filters: [Linkes Both + ] point like CRCLE +

## ALA Teacher Guide: Generating a field guide

You can filter based on the common name of the species.

	Refine your search	
	Common name (processed) Court	
	Misan Darter	1
	Australasian Darter	11
	Australasian Grebe	4
	Australasian Pipit	3
	Australian Hobby	14
	Australian King-parrot	645
	Australian Magpie	1183
	Australian Owlet-nightjar	4
	Australian Pelican	27
	Australian Raven	660
	Australian Reed-warbler	113
	Australian White Ibis	2
	Australian Wood Duck	396
IN	CLUDE selected items    EXCLUDE selected items	- L Close

You could also filter the data from one particular ALA user.

(	User	Count
1	Robyn Lawrence	13
	Leo Berzins	9
	Donald Hobern	9
	Taryn Johnson	6
	Dave Martin	4
	John La Salle	4
	Arthur Chapman	4
	Nicholas dos Remedios	2
	Lynne Sealie	2
	Natasha Carter	2
	Dave Martin	2
	Simon Bennett	2
	Peter Flemming	1

Check the box (or boxes) next to your chosen filter.

Then click on "INCLUDE selected items"

## ALA Teacher Guide: Generating a field guide

A list of the results will appear. Then click on "Downloads".
