## Bioinformatician – Plant Phenomics Facility

School of Agriculture, Food and Wine (Ref: 2832)

The Australian Plant Phenomics Facility, headquartered on the Waite Campus, will provide state-of-the-art capabilities for plant phenotyping which will include controlled environments and field-based plant growth monitoring using high throughput robotics, automated imaging and computing technologies. We are seeking an experienced bioinformatician to manage data from large-scale phenomics and to integrate these data into national infrastructure for biological data management. The successful applicant will be appointed at an appropriate level depending on qualifications and relevant experience.

Fixed-term position available immediately until 30 June 2011.

Salary: (HEO8) \$69,597 - \$78,298 per annum.

(HEO9) \$81,198 - \$86,994 per annum.

An employer superannuation contribution of 17% also applies.

**Closing date 19/09/08**
